18 Jimmy Cliff Rebirth

Rebirth is a return to form and just what fans of Cliff's early work could ask for, but it's vital too, putting it on the main's top shelf. When the singer gets nostalgic on "Hogben Music" the backing track is alive with that roots based magic and one drop power, yet Cliff's the one who leads the band here and throughout the album, performing like a young buck, while packing his years and wisdom into the songwriting.
